- World Curling Federation (WCF) rules apply, unless otherwise indicated below or explained at the Team Meeting.
- The Women (10 teams) and the Men (8 teams) are each placed in a group and play a single round robin series. At the end of the round robin there will be a ranking established for places 1 to 4. Semi-Final games will be 1v4 and 2v3. The winners advance to the Gold Medal Games and qualify their Member Association for the ECC-B 2023. The losers will play in the Bronze Medal Games.
- All games will be eight (8) ends, with extra end(s) to break tied games.
- There will be a nine (9) minute practice for each team before each round robin game. The practice starts 30 minutes before the scheduled game time. The team with the first practice during the round robin will be the team with dark stones, except for the games which are marked where a coin toss will determine 1st and 2nd practice.
- The last stone advantage in the first end of the round robin games will be decided by playing LSD stones as per WCF rules.
- The first named team in each draw plays the stones with the dark-coloured handles, and wear dark coloured upper playing garments. Second named teams in each draw play the stones with the light-coloured handles, and wear light coloured upper playing garments.
- The ice for all play-off games have been pre-determined and are shown in the official playing schedule.
