DUMFRIES CURLING

LIVE STREAM
EVERY
MOMENT

Curling is a game of skill and of tradition. A shot well executed is a delight to see and it is also a fine thing to observe the time-honoured traditions of curling being applied in the true spirit of the game. Curlers play to win, but never to humble their opponents. A true curler never attempts to distract opponents, nor to prevent them from playing their best, and would prefer to lose rather than to win unfairly. Curlers never knowingly break a rule of the game, nor disrespect any of its traditions. Should they become aware that this has been done inadvertently, they will be the first to divulge the breach.

While the main object of the game of curling is to determine the relative skill of the players, the spirit of curling demands **GOOD SPORTSMANSHIP**, kindly feeling and honourable conduct. This spirit should influence both the interpretation and the application of the rules of the game and also the conduct of all participants on and off the ice.

TYPES OF CURLING

Dumfries Curling offers a range of inclusive curling activities, including slide, stick, and wheelchair curling.

SLIDE delivery is the traditional form where players slide along the ice to deliver their stones.

STICK delivery curling provides an adaptive approach, allowing players to deliver the stone using a stick while standing or from a wheelchair, catering to those with mobility issues. **WHEELCHAIR** curling is designed for curlers with physical disabilities. It follows the same rules as curling but does not involve sweeping.

These variations ensure that curling at Dumfries Curling is accessible and enjoyable for everyone.
